Use of proceeds: The net proceeds from the sale of the notes in this offering are estimated to be approximately \$737 million, after deducting underwriting discounts and expenses payable by USS. USS intends to use the net proceeds from this offering, together with cash on hand, for the redemption of all of its 7.00% Senior Notes due 2018, its 6.875% Senior Notes due 2021, and its 7.50% Senior Notes due 2022 and the payment of related fees and expenses.

Other developments:

On August 1, 2017, USS issued a press release and filed a Current Report on Form 8-K regarding an incident at its Great Lakes Works facility, which USS does not believe will have a material impact on its financial condition or the results of its operations. The press release stated:

Earlier today, there was an incident at U. S. Steel's Great Lakes Works in the facility's Hot Strip Mill.

Five employees were transported to local hospitals for treatment. Two remain hospitalized at this time. One employee was treated and released at the plant's on-site medical care facility. Due to privacy laws, we cannot provide any additional information about the employees who were injured or their conditions.

At this time, the scene is secure and all other employees have been accounted for. Operations at the Hot Strip Mill remain down, but additional operations at Great Lakes Works have not been affected. We do not anticipate any impact on customer shipments as we have additional Hot Strip Mill capacity at other domestic U. S. Steel facilities, if needed.

An investigation into the incident is underway, and we will work closely with the United Steelworkers and relevant government agencies throughout the process. We have also activated our Employee Assistance Program to offer its services to the injured employees and their families, as well as the coworkers of those injured.

No further details regarding the incident are available at this time. Our thoughts are with our injured employees, their families and their coworkers at Great Lakes Works.
